

United Nations Activity Report

Five of Sigma's United Nations volunteer representatives attended the [Commission on the Status of Women](#) (CSW) Non-Governmental Organization Forum reception on Tuesday, 12 March 2019 at the New Yorker Hotel, New York, NY, United States.

By attending, Sigma expands its reputation and presence at prestigious United Nations events.

Report Submitted by Connie Sobon Sensor, Sigma United Nations Liaison

We should continue to seek and accept opportunities for deeper engagement with United Nations activities relevant to the Sigma mission. Staying involved and a presence at planning events for the CSW in NY will give Sigma greater opportunities for speaking from the floor and sharing interventions, because we will be known to the organizers of the event. This year the event was in a location that was far removed from the other events and presented some challenges in terms of logistics to get there.
