

Sigma/DAISY Nurse Scientist Leadership Award

NOMINATION TIMELINE

31 July-11 December 2026

ENTRY FEE:

Free

NOTIFICATION

Award recipients will be notified in February 2027.

PRESENTATION

The award will be presented at Sigma's 38th International Nursing Research Congress in July 2027.

PURPOSE

In collaboration with The DAISY Foundation, the Sigma/DAISY Nurse Scientist Leadership Award recognizes a licensed registered nurse who has demonstrated excellence in research, compassionate care, and leadership.

ELIGIBILITY

Recipient must be a licensed, registered nurse in good standing with a minimum of five years in clinical practice and research.

Current Sigma Board of Directors, Sigma elected international committee members, Sigma staff, Sigma consultants and contracted staff, and members of the judging committee are not eligible to receive this award, serve as nominators, or write letters of support. Members of appointed committees may participate in the award process. Self-nominations will not be accepted.

CRITERIA

1. Research Contributions

- a. Original Research and Scholarly Leadership: Has led, significantly contributed to, or mentored others in the conduct of original research that improves nursing practice, patient outcomes, or healthcare systems. Recognizes leadership by fostering research capacity among junior investigators.
- b. Dissemination: Has a strong record of peer-reviewed publications, scholarly presentations, funded research projects, or has played a key role in mentoring and supporting others in achieving these outcomes.
- c. Translation of Research into Practice: Demonstrates the successful implementation of research findings into clinical settings or policies. Contributes to evidence-based innovations that improve patient and system-level outcomes, either directly or through leadership and mentorship.

2. Compassionate Care Focus

- a. Research Scope: Advances focus on compassionate care, including identifying, observing, and measuring its delivery to patients, families, or in systems. This may also include research on the nursing workforce that fosters environments where compassionate care can thrive.
- b. Cultural Sensitivity: Integrates cultural sensitivity and respect across care, workforce development, and/or research.
- c. Advocacy: Advocates for a compassionate, equitable care environment and workplace cultures for vulnerable or underserved populations through science, leadership, and service.

3. Leadership

- a. Role Model: Champions the integration of research, education, and compassionate care in decision-making and practice.
- b. Mentor: Fosters a culture of research literacy and continuous improvement through mentoring other nurses and healthcare professionals.

- c. Interprofessional: Builds meaningful partnerships across disciplines to expand the reach and relevance of nursing science.

Qualified judging panels representing strong talent and expertise are appointed.

SUBMISSION REQUIREMENTS

Supporting documents required below must address the criteria. All materials must be submitted in English. Entries that do not meet the criteria and requirements below will be disqualified. A complete online nomination consists of:

- Online entry form.
- Supporting narrative, from the nominator: Using the criteria as subheadings, clearly stating overall area of expertise and sustained impact (not to exceed two pages)
