| Abstract Title | Completed title; includes clear keywords found in the abstract text, provides accurate and clear insight into the content of the abstract. | Completed title; includes keywords found in the abstract text. | Poorly developed title; includes some keywords poor insight into the content found in the abstract text. | Title appears unrelated to abstract text. |

<p>| Actual Abstract Text | The abstract presents original work that is novel or innovative. Abstract demonstrates an understanding of the relationship among material obtained from all sources. The purpose statement is clear and aligns with all other content within the abstract. The abstract provides a logical discussion, with substantial details, supporting the overall topic. | The abstract presents original work that, with some development, could be novel or innovative. Writing demonstrates an understanding of the relationships among material obtained from all sources. The purpose statement demonstrates some cohesiveness of the content with the abstract. The abstract provides a logical discussion, with adequate details, supporting the overall topic. | The abstract presents original work that is NOT novel or innovative. Abstract does not demonstrate an understanding of the relationship among material obtained from all sources. The purpose statement is unclear or does not align with other content within the abstract. Overall arrangement is logical but is occasionally difficult to follow. | The abstract does NOT present original work. Noticeable portions of the abstract fail to convey the writer’s point. There is no purpose statement. Does not tie together information in a cohesive manner. |</p>

<td>The evaluation process reflects valid and reliable methods and outcome measures and is clearly defined. Findings have clear implications for nursing and midwifery science, patient outcomes, nursing practice, education, administration, leadership, and/or policy making. If the submission is for a poster presentation ONLY, rate evaluation as “Excellent.” If the submission is for a podium presentation or podium/poster presentation, rate the evaluation process accordingly.</td>
<td>The evaluation process generally reflects reliable methods and outcome measures. Findings may have implications for nursing and midwifery science, patient outcomes, nursing practice, education, administration, leadership, and/or policy making. If the submission is for a poster presentation ONLY, rate evaluation as “Excellent.” If the submission is for a podium presentation or podium/poster presentation, rate the evaluation process accordingly.</td>
<td>There are gaps in the discussion of methods and outcome measures and these criteria are not clearly defined. Findings have no clearly defined implications for nursing and midwifery science, patient outcomes, nursing practice, education, administration, leadership, and/or policy making. If the submission is for a poster presentation ONLY, rate evaluation as “Excellent.” If the submission is for a podium presentation or podium/poster presentation, rate the evaluation process accordingly.</td>
<td>The evaluation process is missing or lacks sound and reliable methods and outcomes statements. If the submission is for a poster presentation ONLY, rate evaluation as “Excellent.” If the submission is for a podium presentation or podium/poster presentation, rate the evaluation process accordingly.</td>

| **Abstract Submission Guidelines for Deidentification Followed** | **YES – Removed all references to the title and author information on the abstract before completing the submission.** | **N/A** | **N/A** | **NO – Did not remove all references to the title and author information on the abstract before completing the submission.** |

| **References-number/type** | Includes at least six scholarly references (e.g., science journal articles, books). Clear, consistent format (i.e. APA, Harvard, MLA, etc.) with less than one error. All references are appropriate and/or recent for the abstract (no older than 5-7 years, unless a seminal work.) | Includes at least five scholarly references (e.g., science journal articles, books). Clear, consistent format (i.e. APA, Harvard, MLA, etc.) with few errors. Most references are appropriate and/or recent for the abstract (no older than 5-7 years, unless a seminal work.) | Includes at least four scholarly references (e.g., science journal articles, books). Consistent format (i.e. APA, Harvard, MLA, etc.) with errors. Some references are appropriate and/or recent for the abstract (no older than 5-7 years, unless a seminal work.) | Fewer than three scholarly references. The majority of the references are not appropriate or recent for the abstract. |

| **Writing Style and Mechanics** | Abstract flows from one issue to the next. Word choice, sentence structure, and tone are successful at communicating the writer’s intentions. Sentences are clear, effective, and coherent. No grammar or spelling errors noted. | Abstract generally ties information together from all sources. Word choice, sentence structure, and tone are mostly successful at communicating the writer’s intentions. Sentences mostly clear, effective, and coherent with a few grammar issues. No spelling errors noted. | Abstract is understandable but is marred by confusing, inappropriate sentences; word choice is inappropriate for the audience and topic. Abstract does not flow. Some grammar and spelling errors noted. | Abstract does not flow. The abstract does not provide a logical discussion of the overall topic. Multiple grammar and spelling errors noted throughout. |
