

Improve interventions,  
care, and patient outcomes  
with the Johns Hopkins  
EBP model and guidelines

**A look at the  
PET Process:**

**1**

**Practice Question:**

**2**

**Evidence:**

**3**

**Translation:**

**Continually review the  
process at each stage to:**

- Maintain project plan.
- Ensure team involvement.
- Monitor alignment.
- Communicate and disseminate.
